Dear Longhorn Friends,

Genetic improvement is the use of the genetically superior animals as parent of the next generation. The definition of genetic superiority will be a function of many variables. Most measures of genetic superiority will be based on potential profitability of the genetics we find most appealing. Genetic improvement should be continuous improvement of all characteristics that will enhance your program as well as the breed. Stacking your pedigree with “Legends” is a great way to get going down the right path.

I would like to invite you to the Legends Longhorn Sale. This unique opportunity to showcase the animals and the ranches that are participating in this unique marketing opportunity. You now can utilize the genetics these programs have been building around to enhance your herd. The venue will be at Stephens County Fair and Expo Center in Duncan, Oklahoma on September 4 & 5, 2020. Cattle unloading will be on Thursday morning starting at 8 a.m. On Friday morning we commence the event with one of the most prestigious and competitive Futurities the industry has ever seen. On Friday Evening we will have an amazing evening starting with a cocktail hour, heifer sale, and a meal with live music to follow.

The sale will also be on the Internet for those of you not able to make it to the event. If you do have questions in advance on any of the animals, I encourage you to call the ranches who are selling, and ask questions regarding the individuals you are interested in. These ranches are passionate about their livestock and want to help you any way possible. I am also available to answer questions you may have.

We have many cows that will ring the bell and will classify as a “Cash Cow”. A unique offering in the sale will be the opportunity to buy elite frozen embryo’s, longhorn embryo pregnancy, or ET calves on the ground. We have one amazing herd sire available as well.

This extraordinary new marketing concept could not be possible without the breeders and sponsors that see the value in promotion and marketing of high-end longhorn genetics. To all of you we say thank you and God Bless! The genetics of today are built on the decades of work that was laid down by the original 7 families that saved the Texas Longhorn Cattle from extinction. The Legendary animals that we are featuring in this sale today will continue to be the building blocks of tomorrow so we can continually build on more consistency and predictability in this breed for generations to come.

Sincerely,

Justin Rombeck
Longhorn Opportunities LLC.

“This extraordinary new marketing concept could not be possible without the breeders and sponsors...”

ONLINE BIDDING INFORMATION

Internet Viewing & Bidding Courtesy of Herdsman Legends Auctions, a product of Herdman Legends Inc.

auctions.herdsmanlegends.com

Go to auctions.herdsmanlegends.com and follow the prompts to log in if you have already created an account or follow the prompts to register as a bidder. We encourage you to use Chrome or Foxfire for viewing. Bidders are required to register for each sale they choose to participate in. Viewers only do not.

A Credit Card is required for online verification but will not be billed. Upon notification that you have placed a winning bid on an animal, the hosting sale will invoice you with mailing instructions for payment at the event's conclusion.

We offer pre-bidding for the action starting on August 15, 2020. You will be able to place a bid now or a max bid. On max bids, it will place the bid for you until you are outbid and then an email will be sent to you to inform you that you have been out-bid. Your bids will only be seen by Herdsman Legends Auctions staff. There are no fees to participate nor do we do the buyer's premium.

Internet buyers are responsible for coordinating their own hauling on livestock they purchase. We will help facilitate with haulers if able. You will need to review the terms and conditions listed in the sale catalog as well as listed on auctions.herdsmanlegends.com. All announcements from the Auctioneer and color commentator take precedence over anything posted on-line or in the print catalog. The Auctioneer has the final say in all bid-ding disputes.

For questions or concerns please contact Justin Rombeck, Herdsman Legends Inc. for assistance. 816-536-1083 or justinthelonghornman@gmail.com.

Happy Haven Ranch is owned by Kent and Priscilla Pate and is in Madisonville, Texas. Happy Haven is not just your typical ranch, it is a ranch that is driven with passion and purpose to raise Texas Longhorns for a unique mission.

That mission includes “Going Behind the Wire” to reach forgotten veterans who have lost their purpose. Everyday brave men and women stand before our countries flag and raise their hand as a sign of commitment to serve something greater than themselves, our great nation. However, many of our veterans return with not just physical scars but with scars that can't been seen.

After years of honorable service, they return home and find themselves struggling to discover their new identity in civilian life. For many the struggle is overwhelming as they try to find new purpose and meaning within themselves.

BREEDING: Exposed to Casanova's Supermax from 11/1/2019 to Sale Date.

COMMENTS: OCV'd. LC Optimus Star is the best heifer we have ever raised. She comes from our most elite foundation cow Gala Show of Stars (85.75" TTT) who we lost two years ago. This is the kind of heifer no one wants to sell. She was strategically planned to mirror her full sisters, who are 90" TTT. From pictures, her horn might appear to be going up but ask Joe Sedlacek about the roll to her horns, she won't disappoint. She was 62.5 TTT a month before her second birthday, and on 1/22/2019 she measured 67.5" TTT @ 28.5 months. We are excited to see how soon she will hit 90" TTT. Sells bred to our CV Cowboy Casanova son that is on his way to 90" TTT. Thanks for your consideration www.longhorncreek.com

 TOP CALIBER

BREEDING: We will be Al'ing her to Rebel HR with Heifer Sexed Semen.

COMMENTS: OVC'd and Johne's tested negative. This heifer is extremely well-made. She has excellent bone structure with a nice full figure, while retaining her femininity. Her mother is a full sister to M Arrow Cha-Ching. Cha-Ching's daughters that have gone to auction always command top dollar. Tuff Penny's horns are just now starting to tip out and you have a gorgeous twist like her mother's. We are extremely confident in the combination of Rebel HR over Tuff daughters in going to be glorious. COMMENTS: OCV'd. 50's TTT at 24 months and a heifer at side sired by RCC Max Factor a son of WS Vindicator out of FL Rio Maxine. This calf is a genetic gold mine incorporating many of the legends of this sale into one pedigree. Her sire, his brothers, and grand dam Eternal Diamond are huge aspects of the Bar R and JBR herds. We are retaining Moana's dam, and full sister to keep this family strong in our herd. Buy with confidence as she has generations of predictability bred into her. We offer to buy this heifer back at 25% of this pairs value at weaning and if she has a heifer next year from TK Lee, we are interested in buying it back also. www.jbrlonghorns.com

COMMENTS: OCV'd. We were so excited when we got the opportunity to add Jammin Tex to our herd sire line-up. Jammin is out of the \$96,000 Texana Garland Gal. This cow is so much more than a big number as she has been an outstanding producer with every bull to whom she has been bred. Her dam is a full sister to JBR Net Worth, and his offspring are averaging over \$8500 in the sale ring. Her grand dam is Eternal Diamond who would be 100" TTT right now had she not tipped two inches last winter. We are exposing her to JBR Veteran a Pacific Cowboy son. This calf will be triple bred ECR Eternal Tari. Also having Eternal Diamond, Cowboy Up (full brother to Cowboy Tuff Chex), RC Pacific Mermaid, Tempter, Texana Van Horne, WS Jamakizm, and Texana Garland Gal in one package. That is having 5 legends in one pedigree as well as an addition half-sister to 2 of the legends. Johnes tested negative. www.jbrlonghorns.com

COMMENTS: OCV'd. Heifers like this don't come along very often, Brook's Oreo has it all- color, height, body, size, and outstanding early horn growth with tips just starting to roll over. She is out of Cowboy Chex (sire of 103" TTT Legend Cowboy Tuff Chex), and one of the most beautiful cows in the breed, 81" TTT Pacific Brook. BREEDING: Heifer calf at side sired by Del Charro and exposed back the same way for a 3-N-1. Exposed from 6/1/2020 to 9/1/2020.

COMMENTS: OCV'd. Leah is an outstanding big framed heifer sired by Rio Tabasco, son of JP Rio Grande and Bowman's all-time best producing cow Tabasco's Lezawe. On the bottom more great breeding with Feisty Lee and Phenomenal Lively Deigo. Her dam measures close to 84" TTT and is one of my best. Leah measures close to 70" TTT and has a great looking heifer calf at side sired by Del Charro, 2x triple bronze HSC winner. She should be bred back to Del Charro by sale time for a 3-N-1 package. I would never let her go but I have 3 of her sisters to replace her.

BREEDING: Exposed to Dunn Pay Dirt and confirmed bred for a fall calf. Exposed from 10/18/2019 to 12/16/2019.

COMMENTS: OCV'd. This heifer is not only big and beautiful to look at but comes with huge horn genetics. Her mother is over 96" TTT and her sire puts a hard twist on for great horn direction! She is confirmed bred to Dunn Pay Dirt - a son of the incredible 91" 200 Percent cow for a pedigree with 90" cows top and bottom. A very special heifer for any program.

COMMENTS: We think the world of this young bull. His sire JBR Eclipse has won futurities, horn showcases, and superior awards. Big Tex is a very well made individual with vibrant colors and good testicular development. He is a very laid-back individual, works diligently on getting his females covered. He brings in three 90"+ TTT females to the table and two 100 TTT individuals. We sold half interest this spring to Tim and Nikole Clark in this extraordinary individual. We had a strong response from this bull's full page ad in the Trials Magazine we decided to offer conventional and sexed semen at this extraordinary event. COMMENTS: OCV'd. It is extremely difficult to part with this young outstanding female as she is the complete package. She is smooth, horns continue to roll out, is a great milker and has a calm disposition. Her pedigree is a proven cross to produce horn, size, and color. She has at least 5 - 80" animals in her pedigree. Measured 79 TTT on 4/26/20 and has a bull calf at side sired by Jammin Tex (WS Jamakizm x Texana Garlands Gal - she sold for \$95,000). Jammin is a 2 Time HSC Champion. We sold two herd sire from this mating! We are retaining her full sister in our herd. CV Rim Rocks Rose is bred back to Jammin Tex for a spring 2021 calf. DOHERTY'S ORIGINAL
DAM

BREEDING: Heifer calf born 6/22/2020 sired by Cowboy Tuff Chex and exposed back the same way for a potential 3 in 1 package.

COMMENTS: OVC'd and John's tested negative. Allen's Doherty 349 is a huge frame Jamakizm daughter out of a Doherty 6 clone. Jamakizm has shown how consistent he can be when crossing him with twisty horns females and 349 is no exception on how phenomenally that works. Doherty 6 produced Phenomenal Dorthy that sold for \$100,000 at one of the first legacy sales and is right at 90 TTT. One of her clones has a 90" daughter at McCombs Ranch sired by Top Caliber. We sold a daughter of Allen's Doherty 349 at the McCombs sale, at 6 months old for \$5,000. We are retaining a daughter in our herd. We bring her to you exposed to Cowboy Tuff Chex. COMMENTS: OCV'd. So many wonderful things that could be said about this outstanding cow. She is one of the largest milking cows that we have ever owned. We are retaining her daughter in our herd. She is a half-sister to Legend" WS Sun Star". With time her horns will roll out like her dams. We have her bred to Jammin Tex (WS Jamakizm x Texana Garland Gal), we think so highly of this mating we are offering 25% of what this cow brings if she has a heifer calf to buy the calf back at weaning. This shows the confidence we have in this female. John's Negative. www.jbrlonghorns.com

COMMENTS: This cow comes from a family of producers. Her dam is the 95" WS Starlight and sire is WS Amazon who has sired multiple futurity and HSC champions. We are retaining her grand dam as one of foundation cows to keep this line of cattle strong in our herd. Sire of calf at side is SL Cowboy Grande (86" TTT). He brings in CV Cowboy Casanova, Rio Grande, and Texana Van Horne which should be a superstar calf. We are retaining a Jammin Tex heifer out of her that is amazing.

COMMENTS: OCV'd. The pedigree on this young lady is stacked. JBR Net Worth's daughters are making names for themselves and his dam is pushing 100" TTT. Star Worth's dam has two full sisters that are over 90" TTT and growing. Their dam was a Legendary producer and worked with any bull she was crossed with. We are retaining a heifer out of Garlands R.O.I. Her calf sired by Jamaka Trouble(a WS Jamakizm X Texena Garland Gal), sells with her. BREEDING: Bred to M2 Total Eclipse for a spring 2020 calf.

COMMENTS: OCV'd. Annie is a granddaughter of the legendary JP Rio Grande and Texana Van Horne over Farlap Chex and Unlimited Genetics x The Great Butler cow Rockette's Mijha. This young cow is 100% on heifers and is bred to our M2 Total Eclipse (5 - 90" TTT in his pedigree and will reach the 80" TT mark before the sale in his third year). This is a foundation cow with pedigree to burn. DNA on file at TLBAA. Annie measures 70.5 TT and 90.5" TH on 1/11/20. Trust the genetics, Buy with Confidence. www.rockymountainlonghorns.com

BREEDING: Heifer calf at side byTCC Shootin In The Dark. Bred back to GLR 20 Gauge Tuff.

COMMENTS: OCV'd. CR Lady Archer is a large framed cow with lots of capacity and comes from Alex Dee's program in Oregon. She is a 2014 Archer Texa daughter that is the total package with a perfect low, twisty horn set that will soon be in the 80's TTT. She is a 1/2 sister to another Archer daughter (CR Venus in Red) who will soon reach 90" TTT. Lady Archer has been a great producer and we are keeping 2 of her daughters as replacements. She is bred to TCC Shootin InThe Dark, our 85" TTT Sharpshooter son, for a spring 2020 calf. Go to www.gillilandranch.com for updated information

BREEDING: Heifer calf born 2/28/2020 sired by JBR Eclipse. Exposed to Jammin Tex from 6/5/2020 to Sale Date.

COMMENTS: OCV'd. Very complete young female that is loaded with color and twist. Both grand dams are mid 80's TTT as is her dam. Reflec Bar sold for \$100,000 and CC Sheza Whip Er Wil sold for \$59,000. She also had paternal half-sisters in the "CASH" cows. Her dam has a full sister that is pushing 90" TTT. Heifer at side sired by JBR Eclipse and we offer 25% of what this pair brings to buy the heifer calf back. JBR Eclipse brings Cowboy Tuff Chex x Eternal Diamond to the table. Very fertile female that we hate to part with. In this family, twist is dominate so early horn growth is slow. She has been accelerating on horn growth over the last 2 years and should develop into a mid 80's TTT female. We have her exposed back to Jammin Tex (WS Jamakizm X Texana Garland Gal).
